

Total integrity for the most
demanding applications

EASTERN SEALS
GLOBAL SEALING PROVIDER

Eastern Seals are committed to the safety and wellbeing of our team, our customers and our global suppliers. We are honoured to be classed as key workers making a significant impact during this devastating situation. We are also proud at how quickly colleagues, both inside out and outside our premises, have adapted to this unprecedented time to keep our company and industry functioning as effectively as possible.

Please be assured that we will continue to monitor the official advice as and when this is updated. The measures we have taken so far already factor in a “worst case scenario” meaning that we are prepared for all eventualities in order to ensure the continuity of our service to you and health of our team; whilst maintaining our ISO9001 approved standard.

Rest assured that Eastern Seals are remaining open as an active key supplier of vital parts for machines and equipment within medical, pharmaceutical and transport sectors, to name a few.

With over £1 million in stocked parts and global approved suppliers we are ready and able to support you in your requirements with goods able to leave as long as transport services are available.

If you have a requirement for O-Rings, Cord, Bonded Seals, Vulcanised O-Rings etc then contact us and we will pull out all the stops to help in this difficult and worrying time.

A massive thank you to everyone that is helping in this difficult situation from self-isolators to key workers.

Stay Safe everyone, lets beat this together! From the Eastern Seals family.
